Akure, Nigeria   January 2020 - December 2022

- Oversaw daily operations of the block manufacturing plant, managing a team of 15+ production staff to ensure high-quality output and timely fulfillment of construction material orders.

- Coordinated procurement of raw materials (cement, sand, water) and maintained supplier relationships, ensuring optimal inventory levels while reducing procurement costs by 18% through bulk negotiation strategies.

- Developed and implemented efficient production workflows and quality control processes, leading to a 30% reduction in defective blocks and increased customer satisfaction.

- Managed budgeting, payroll, and expense tracking, contributing to a 22% increase in overall profitability by minimizing wastage and improving financial oversight.

- Acted as the primary liaison with clients, construction site managers, and logistics partners, enhancing delivery coordination and customer relationship management.

- Introduced digital record-keeping and reporting using basic accounting software and spreadsheets to streamline operational documentation and decision-making.
